NEW ADVETISEMENTS.

DYSPEPSIA CAN BE CURED!—Let the Martyrs read. One word to Dyspeptics: You endure a living martyrdom, and none but he who have known what dyspepsia is, can understand what you suffer. But there is a remedy; an immediate, absolute, never-failing remedy, within your reach, at your very door, as it were. It is Bristol's Sarsaparilla. You have heard of it. Who has not? Use it, and laugh at indigestion and all its concomitants and consequences. In a week it will "relieve the stuffed bosom of all that perilous stuff," that renders your life miserable. The flatulency, the constriction of the stomach, the incapacity for activity, either of body or mind, the midnight restlessness and daily pangs the headache, the nausea, the indescribable feelings which belong o dyspepsia, and to no other complaint, will pass away like shadows. Make the experiment In many cases of dyspepsia the use of Bristol's Sugar-coated Pills will greatly enhance each cure. cj..d3

The Niger Mails

LATEST FROM EUROPE.

Lisbon, 9th Nov.

The Ashantee war engrosses attention in England. Sir Garnett Wolseley reached Cape Coast Castle on Oct. 4th. This distinguished soldier, like Wellington, Lord Gough, De Lacy Evans and other brilliant predecessors, is of Anglo-Irish family, a native of Dublin and not yet 40 years of age. On his arrival he called an assembly of the chiefs of the Fantees and other friendly tribes, and sent officers to all the British possessions on the coast, to enlist black auxiliaries for six months and send them up to Cape Coast for drill. It is proposed to employ very few white regiments as the climate is so dreadful. The blacks will make the railway inland to Coomassie, and all preliminary works, so as to enable Sir Garnett to take the field by February against the King of Ashantee.

MacMahon's message was read on the 5th at the opening of the Assembly, dwelling on the friendly relations of France with her neighbors, and insisting on the necessity of establishing a strong Government to check the factions that disturb the country, and keep in order the newspapers that corrupt public sentiment: it also suggests some municipal reforms, and concludes with the words—

"You will take into account the dangers that exist, and give society a solid, lasting and useful Government to protect it with energy."

Gen. Changarnier then presented a bill, as of an urgent nature, prolonging MacMahon's powers for 10 years. Deputy Dufaure, of the Left Centre, admitted its urgency but proposed to send it to committee to be reported on. The Government requested it should be submitted to a Special Committee. Dufaure's amendment was thrown out by 362 votes to 348. Next day M. Buffet was elected president of the Assembly by 348 votes, which augured a majority for the Government. Nevertheless a telegram received last night (8th) shews that the Left had a majority on the Special Committee, namely, 8 out of 15, with Remusat, of the Left, for chairman.

The Republican organs are full of petitions from town-councils and like coprorations to the Assembly, praying that a Republican form of Government be preserved. Several departments that were monarchical seem now to have turned democratic. Gen. Chanzy has written to the leader of the Left Centre, from Algiers, expressing entire adhesion to his views. The examination of witnesses in the Bazaine trial has not yet concluded. Letters from Versailles state that on Nov. 4th. Col. Stoftel used such bad language to the Court, that he was put under arrest for court-martial, on a charge of having suppressed despatches.

The French budget for 1874 is 2½ milliards, say £101 million sterling. New taxes are proposed to meet a deficit of 7 millions sterling.

Bismarck's return to the post of President of Council indicates that the Emperor accedes to his oft-repeated pretension of superintendence over the various Cabinet Ministers in their departments. Mr. Camphausen, Finance Minister, is named Vice-president of the Prussian Cabinet, as Bismarck's other attentions prevent his managing all the Cabinet affairs. The German papers ascribe Bismarck's promotion to the success of the National party in the elections and the probability of Chambord's restoration. The Emperor more than ever wishes to have the great Chancellor by his side. Negotiations are on foot to restore North Schleswig to Denmark, and the latter country appears satisfied with this concession from Prussia. A Berlin telegram of the 5th says the Liberals have gained the elections for the Prussian diet.

In Denmark both the Right and Left of the dissolved parliament have published manifestoes calling everybody to vote on the 14th, and promising a great victory over the Ministry, which the King tries to keep in power in spite of the will of the people.

Castelar's Government has failed to effect a loan on the Rio Tinto mines, and a change of Cabinet is spoken of, Sor. Pedregal retiring from the Finance office.

Castelar's journals deny this, adding that fresh negotiations are afoot with other banking-houses. Advices from Carthagena are conflicting: some say the rebels have support from men high in power, to hold out till the Cortes meet; others think the Communists are on the wane, as their ironclads no longer venture out to fight the Government vessels. On the 5th there was a land fight, the rebel-general Contreras with 1000 men and 5 guns engaging the besieging forces for five hours. It is rumored that Galvez and others have escaped to Africa. The foreign vessels have been notified to retire from Cartagena as the Government fleet and land-forces are going to shell the place. Fever had broken out among the rebels, and the Government hopes soon to take the city.

Respecting the Carlists a telegram says they were falling back on Estella, as if beaten. Tristany was surprised at Tolva on the night of Nov. 2nd, the Government troops capturing a gun and some prisoners. Communications are now free from Lerida to Tarragona and Barcelona. Don Carlos is said to be sick at Estella. The captain-general of Catalonia was gathering troops to oppose a Carlist force of 4,000 men, near Gerona. Lerida and Murcia are proclaimed under martial law.

The Cuban insurrection is at last suffocated. The Spanish war-steamer Tornado captured the rebel cruiser Virginius, which for the last 3 years conveyed arms and supplies from the United States, and had on board 140 volunteers with arms, under Colonels Ryan, Cespedes, and Del Sol, who were tried by court-martial and shot on Nov. 14th. This event was cause for great rejoicings at Habana, and the rebellion was considered over.

UNITED STATES.

Some fresh disasters have occurred consequent on the recent crisis. Hoyt Snrague & Co. of New York failed, and this compromised 3 Banks at Providence, Rhode Island, two of which closed.

The Finance Secretary announced that he would not buy stock, but sell gold, during the present month. The Mint is working day and night, to enable the payments in specie, and some small Treasury payments have been made in silver.

Notwithstanding the crisis the New York railway companies will pay their usual November dividend. The St. Louis Banks have resumed payments. The Trust Co. announces resumption of business next month. An official telegram denies the rumor of the Finance Secretary's intention to resign. The increase of debt in October was 3 millions.

Yellow fever has much abated. Memphis is now free of the epidemic.

Business has resumed its old aspect since the Exchange was re-opened, and the measures taken by Government had proved most timely.

The situation was so trying that nobody blamed the Government for its dictatorial steps, thanks to which and throwing so much gold on the market the crisis passed off. If the Exchange had been left open the speculators would have caused irretrievable confusion. What helped the Government policy was the publication of the Treasury accounts up to Sept. 30th, shewing 80 millions in gold and 3 in paper, of reserve.

Mr. Boutwell's calculations fell short of the reality, the income reaching 55 millions instead of 45, and an increase of 19 millions allowing for larger votes for Public-works &c. The Budget for the year exceeds 172 million dollars. It seems the present Administration is the cheapest since that of Pres. John Quincey Adams. Pres. Grant has written to Messrs. Clafin and Anthony promising to pay the 11 millions of coupons in November, and says he has a reserve of 44 millions in gold for case of necessity; he adds that he will ask Congress to resume specie payments and do away with the plague of paper-money. In this case Grant would probably be sure of third time being elected President. It is probable Mr. Richardson sees his way clearly when he advises so gigantic a measure.

The Bank of Chicago has resumed payments, and others follow the example. Business is rapidly recovering. The transactions in cotton at New Orleans, Chicago and Charleston shew improvement, thanks to the Treasury specie deposits enabling local banks to discount bills drawn by European houses. Import-trade from Europe is paralyzed. Importers require guarantees, and there is neither sufficient specie to satisfy commercial agents, nor good bills offering on London, Amsterdam, Frankfort or Hamburg.

The country is convalescent, but not yet quite recovered. Meantime its wonderful resources and the vigorous character of Americans will soon wipe away the last vestige of a crisis that in any other country must have caused universal ruin.

Baron de Maua.

EDITOR'S TABLE.

Yesterday was the birthday of His Majesty the Emperor of Brazil, and all the Legations and Consulates flew their colours. A grand banquet was given in the evening by the Brazilian Minister, Baron Araguaya, at which Governor Acosta, the Corps Diplomatique and several distinguished Brazilians were present.

The European mails by the steamer Niger were delivered in town yesterday morning. There is doubt in Europe as to the tranquillity of France remaining undisurbed much longer, the majority conferring extension of power on MacMahon being so small. The general news is rather flat, the telegrams of Monday having skimmed the 'créme' off it as usual. It is satisfactory to learn that the too famous steamer Murillo has been condemned as the destroyer of the Northfleet and her human freight, and is to be sold to indemnify the owners of the lost vessel. How are the widows and orphans of the tragedy to be indemnified? The Jesuits expelled from their homes in Italy are going to the United States.

We have not had a single answer to our French riddle in Sunday's issue, though we gave an intelligent public two days to find it out.

Un soupir vient souvent d'un souvenir.

Those who take amusement in transposition of letters may be glad to learn that the name of the irrepressible Shah of Persia—Nas-er-ed-din—properly manipulated comes out "A—sinner.' Poor Shaw!

We hear that it is probable Mr. Charles Burton, Inspector General of Telegraphs, will leave for Europe in the Neva on a three months trip to the old country.

The ball at the Lomas Club on Saturday, which we thought had been postponed, is favourably criticised by a morning contemporary. There was quite a show of married and unmarried beauty present, and the men were not particularly ugly. Everyone danced till daylight did appear.

The arrivals of emigrants from Europe during the month of November have fairly astounded the country. Over 9,000 hands in a single month is really something to boast of. It is interesting to look back ten years and find that the total arrivals in the year 1863 were the same as those for the single month of November in 1873. An enthusiastic broker, who calculates that the more people there are in the country the more Bolsa business there will be going, says that in 1883 the daily arrivals will equal the monthly arrivals of the present. Of course there is not the remotest possibility of such being the case, or Europe would be depopulated in 'no time'; but a great deal must be forgiven to brokers, who, as a rule, sin much, particularly in making emigration and political estimates.

All the shopkeepers in town are now up to their chin in the new notes of the National Bank, which are great favourites in all quarters, particularly with butchers, bakers, grocers and all retailers that cater for the voracity of the Public. When it comes to small change, however, our old friend the Provincial is still "cock of the walk." With nothing but National Bank notes in one's pocket a snag-up for small change is always to be apprehended; so it won't do to turn up noses at Provincial notes. Rich and fashionable subscribers may fill their pockets with National paper, but the ruck hand-to-mouth Humanity must stick to the old notes, which have done the State a good deal of service, and will again.

A good place for small change—a church-collecting plate.

Degrees of moral comparison—Get on, get honour, get honest.

A morning colleague pitches into the management of the Asilo de Mendigos, where inmates have not enough to eat, though the officials live well. This is serious, and should be looked into. It would not do to treat beggars 'en prince,' lest the Asylum become a retreat for idle vagabonds; still it is leaning too far to the other side to starve the unfortunate inmates.

There was a great crowd at the Italian Opera in the Varietes Theatre on Sunday night. The 'haut ton' was represented by some leading members, but the 'bourgeoisie' proper filled the theatre, and the performance was excellent. Cheap opera has proved a success.

A funeral service for the late Señora Zavaleta de Saavedra was celebrated in the Cathedral yesterday, and was attended by members of all the leading families in town.

It appears we have Borgias, Brinvilliers and makers of 'aqua tofana' in this good Republic. A terrible conspiracy to poison has just been detected in Cordoba. The Lucretia of the occasion is a lady of a respectable family, Doña Aurea Gonzalez, who wished to send her sister-in-law to Hades. To accomplish her design she enlisted two of her aunts in her cause, and with their aid engaged an old crone in the Cañada de Molina, a maker of philtres and poisons, to brew her a 'quietus' for her sister-in-law. The beldame had to take a man into her councils, and he called on the intended victim and 'split' on the lot of she-devils. The result is, that the aunts are now in the House of Correction and sweet Mrs. Gonzalez in the Policia. The old crone who was to make the poison is not arrested, why, it is hard to say.

"Why are these things called dog-carts?" asked an old lady, at Long Branch, of her niece, as they were walking on the beach, at the same time pointing to one of those vehicles, which was passing them. "I don't exactly know, Aunty," was the reply, "unless it's because puppies always ride in them."

Mr. A. Phillips will give his famous Variety Show on Saturday next at Flores even if it rain water butts and watering pots, which we hope it wont, for all our sakes. Very few seats remain untaken.

Earthquake before breakfast every morning regularly is now an established institution at Mendoza. The telegrams published yesterday report another terrific shock up there. Walls and buildings were shaken to their foundations, and it is feared that lives have been lost. People whose state of health requires a little mild excitement should try Mendoza just now for change of air.

The chimney again by all that's d-isagreeable! At 2 o'clock yesterday the irrepressible bathman next door clapped on all steam, and our tin tormentor again began to vomit sickening fumes that Vesuvius or Cotopaxi could not equal. It strikes us forcibly that this bathman is laughing at the authorities. He must be put down. The nuisance is a crying and dangerous one, and from its frequent repetition, after legal warnings and fines, it is clear that an audacious attempt is being made to defy the Municipality, on whom we again call to vindicate the Law and its own outraged authority.

The *Prensa*, generally will informed, referred yesterday to the anticipated battle in Entre Rios, supposing it to have come off, and the Minister of War to have been driven back into Parana. We hope this is not the case. News is anxiously looked for to-day. Anything like a reverse, after the hubbub of the President's trip up the river and the hopes excited of a speedy wind up, would be greatly to be deplored.

On Monday a most lamentable affair occurred in Calle Cuyo. It appears that Mr. Leroy, manager of the fancy iron house, feeling rather unwell requested his wife to give him some magnesia. She did so, but casually gave him some arsenic, and she took a good dose at the same time. She died on Monday night, and at two o'clock yesterday he was declared by the Municipal doctor, Dn. Felix Pineda, and his medical attendant, Dr. Quinche, "in extremis." The tragic event created a most painful sensation in town yesterday, as Mr. Leroy was very generally known and liked.

A leading British resident of Flores has kindly supplied us with the following most interesting data:—"From the evening of the 26th to the evening of the 28th of November the rainfall was 3·09 inches. This is the greatest we have had since March 31st, when a fall of 3·85 was recorded, but even this downpour was exceeded on the 1st of February when 4·24 inches fell, of which over two inches came down in an hour and a-half. The monthly record of this year and 1872 is as follows:—

	1873.	1872.
January	4.42	2.81
February	9 61	3.36
March	7.90	5.64
April	2.62	2.20
May	1.42	1.55
June	2.18	1.07
July	21	2.65
August	48	3·6
September	2.12	1.27
October	93	1.06
November	4.98	2.77
	35.87	27.58
December		5.14

In the first eleven months of 1872 rain fell on sixty-five days, and on sixty-three during the corresponding period in 1873. On the 26th November the thermometer marked 96 degs. in the shade; on the 27th it marked 61 degs., showing a fall of 35 degs. in 24 hours."

Another Plague house has turned up in Calle Montevideo. The place has been shut up since 1871. Every soul in it, including the owner, died of the epidemic.

A clerk in the Western Railway was discovered prigging on Saturday. He had been suspected for a long time, and Mr. Huergo laid a clever trap for him by marking bank notes and having him watched by the assistant treasurer through a hole in the ceiling of the office. He was pounced on in 'flagrante delicto' and the marked note taken from his pocket. The culprit rejoices in the "evenly" name of Angel Salvadores, and, though caught in the act, protests that it is all a plot to ruin him and his little family.

"Good blood will show itself," as the old lady with the red nose said.

Lujan intends going in for three days fun and 'fete' next week. On Monday the 8th, mass in the church, music in the Plaza, 'sortija', fireworks and a ball; on the 9th the same old thing over again, excepting a concert in place of the ball; on the 10th ditto ditto over again, barring a ball in place of the concert. The good Lujaners ought to get Phillips down to throw some Variety into their programme, for it seems sadly in want of it. Three days praying, and playing and dancing would hopelessly knock up a Greek bishop or a Trojan 'belle'.

A few days ago there were no fewer than 1,000 recently arrived Immigrants in the Asilo. The squeeze was of the most terrific description; sardines in a box were nothing to it. Thanks to the energy of the officials, however, the inconvenience was reduced to a minimum. We had no idea that the Asilo could accommodate so many persons at a time.

The *Anales* of the Rural Society for November was distributed yesterday. Most of it is taken up with the rules of the new Agricultural College at Nueva Palmyra.

The Brazilian papers announce a munificent donation of 4,000 patacons by the Emperor Dom Pedro, from his private purse, to aid the sufferers by the recent inundations in Rio Grande. Also that Baron Yaguaron has been named Commander-in-Chief of the Brazilian forces in Paraguay.

Turmeau once gave up Tea for Corned Beef, this for Lobster Sandwiches, and these in their turn for Bath Chaps. His latest love is Ginger Beer, manufactured on the premises. We always like to crack some joke about Turmeau, as we know he likes it too; but we are in no way joking when we declare his Ginger Beer a most delicious beverage for summer use. It does not bear the slightest resemblance to the vulgar 'pop' usually christened with the same name. There is a creamy balminess and coolness about Turmeau's G.B. that cannot be surpassed. The best proof of its being excellent is, that he drinks it himself to the extent of 6 bottles every day. If it were not good he'd take Hesperidina instead.

The river Uruguay is rising rapidly after its recent fall. From Cordoba we learn that the Rio Tercero has overflowed its banks in the most alarming manner. The inhabitants do not remember such a 'creciente' for 50 years. Fears are entertained for the railway bridge. In San Juan also tremendous floods have occurred, and part of the city of that name is under water.

THE CITY OF BUENOS AYRES TRAMWAYS COMPANY, LIMITED.

DIRECTORS.

Benjamin Isaac, Esq, 22 Great Winchester Street, E. C. (Chairman.)

George Wilkinson Drabble, Esq., 1, Pembridge Square, Bayswater, W.

Spencer Herapath, Esq, 18, Upper Philimore Gardens, W.

Russell Shaw, Esq., Cambridge Street, Birmingham.

Edward Woods, Esq., C. E. 10 Gloucester Crescent. Hyde Park.

Report of the Directors to be submitted to the Seventh Ordinary General Meeting of Shareholders to be held at the Company's Offices, on Wednesday, October 22nd 1873, at 2 o'clock in the Afternoon.

1. The Board beg to submit the following Statement of the result of the half-year's working—

The Gross receipts for the half-year have been	£43,423
Deduct the Working expenses	25,858
	17,565
Add Balance of Revenue Account 1872	1,240
Leaving a disposable Balance of	18,805

2 The Working expenses show a considerable reduction, as compared with the corresponding period of last year—

Working expenses January to June 1872	72.87 p$\frac{o}{o}$.
Do. do January to June 1873	59.54 p$\frac{o}{o}$.
Decrease	13 33 p$\frac{o}{o}$.

3. The Directors are glad to be able to announce that by a Municipal Decree, dated August 7th last, the costly institution of Trumpeters was abolished.

4. The Board have appointed Mr. F. Neild as colleague to Mr. Moores upon the Local Committee in Buenos Ayres. As they have every confidence in the suitability of this gentleman for the position, they are glad to have been able to obtain his services. Mr. Huxtable, Accountant of the Great Southern Railway, has been appointed the Company's Auditor in Buenos Ayres.

5. In April last, a fire took place at the Barracas Station, destroying the feed-house, and involving loss to the Company, over and above the amount insured, of between £400 and 500. Steps are being taken to increase to its full value the insurance on the remainder of the property.

6. The Directors have received information that the investigations in reference to the Mendez Tramway, previous to the completion of the purchase in Buenos Ayres, are proceeding satisfactorily, and there seems every probability of the line being very shortly taken over. The shares of the Fourth Issue offered to the English Shareholders have, with very few exceptions, been accepted, and the remainder will be disposed of at such time as the Directors may think advisable, and the premium carried to the Contingent Fund.

The following statement gives the traffic summary for the six months:

Month	Passengers.	Gross Recta.
January	399,751	£7,475 19 6
February	379,886	7,036 18 1
March	418,135	7,770 19 9
April	390,885	7,233 2 3
May	403,333	7,443 7 1
June	349 958	6,306 12 3
Total	2,341,918	£43 304 18 11

The local committee, under date June 30th, 1873, reports as follows:—

"The good result of the six months' working is particularly gratifying to us, not only as regards this period, but also because the good prospect it affords for the future. We do not, of course, look for an uninterrupted recurrence of all the favourable circumstances of the last half-year, but we are fully convinced that the basis of the business is so good that in ordinary times it will yield a satisfactory profit. We have continued to shape our arrangements so as to obtain the greatest dividend rather than the most pleasing proportion between the receipts and the working expenses.

"New Stables and Land.

"The additional stables at Cinco Esquinas and the corn loft at the Brazil yard, provided in consequence of the purchase of the Southern Tramway, and the extension in South Barras, have afforded the accommodation required. The loft served most opportunely, as it enabled us to complete the year's purchase of corn when the market price of it was very low.

"General Remarks.

"The accompanying comparative statement of traffic and expenses for the present and corresponding half-year of 1872, will, we think, be read with interest:—

	s.	d.
The receipts per mile run in 1872 were	2	0·21
And those in 1873 do	2	2·78
The expenses per mile run in 1872 were	1	5·33
Do do do 1873	1	3·55
Showing the profit in 1872	0	6.86
Do do 1873	0	11·20

The six months of the year show, therefore, increased receipts and diminished expenses per mile run, in comparison with those of the first half of 1872.

Ticket Check.

"We have lately determined upon a new system of checking the guards' issue of tickets in the cars, based upon the principle of giving prizes to the public for certain numbers of the tickets sold each month. By this plan we hope to induce all the passengers to take tickets from the guards when they pay their fares.

"South Barracas Extension.

"The Municipal authorities of South Barracas took a long time to settle the levels, side drainage and other details involved in the work; we could not, therefore, commence to lay the line in Calle General Mitre until the beginning of December. The supply of paving stones was very soon interrupted by the Government prohibition against quarrying at Martin Garcia, and then came the quarantine closing the port against the Banda Oriental which obliged us to suspend the work altogether. (Stone has now been procured, and the work is proceeding as fast as possible.

"Farm.

"As soon as our autumn season commenced we began breaking up the ground, and sowed some thirty squares before the winter set in. We resumed ploughing again in the early days of spring, and now we have about fifty squares ready for alfalfa. We are also having willows planted in large numbers to afford shelter and shade to the horses, and at the same time we expect they will prove a profitable crop, as such wood sells well here.

"The alfalfa now is considered good, and safely over the first difficulties of drought and insects.

"Horses.

"The horses are in good working order. The loss by death this half-year has been very small, viz., 4.03 per cent.; the rest afforded by the farm to the weak and lame ones has materially contributed to this result.

"Permanent Way.

"The lines are all kept in sound and efficient working order.

"Rolling Stock.

"The cars are thoroughly repaired and newly painted as soon as required.

"Buildings.

"The buildings seldom require repair; but the yards, paving &c. want frequent attention, and are all fully kept up."

8. Out of the available balance of £18,805, the Directors recommend the payment of a dividend, free of income tax, for the half-year ending June 30th last, of 8s. per share on the fully paid-up shares of the 1st and 2nd issues, and 4s. per share on those of the 3rd issue. These dividends, which will absorb £14,000, are recommended by the Board after a careful consideration of the relative claims of the two descriptions of shares. Out of the balance, the Directors recommend that the sum of £4,000 should be added to the Contingent Fund, thus raising it to £8000. The small amount then to be carried forward will be sufficient to pay the income tax, and meet the loss on the Barracas station fire,

The Directors are of opinion and recommend that all the fully paid-up shares should rank alike for future dividends.

By Order,

JOHN HEATON,
Secretary.

ON 'CHANGE.

December 2, 1873.

Ounces	400
Sovs	122½
Pats	25
Nat. Bonds	76½
Cedulas	83¾

The stock market ruled a little better to-day. Prices opened firm, and rose; but at the close they ruled a shade slacker, owing, it was said, to an outsider selling for the end of the year. The position of the Cedula market is peculiar, and the moment especial for speculation. The bulls read in the returning ease of the money market the steady improvement of Cedulas, bonds, and, in fact, everything: whilst the bears shudder at the state of things in Europe and the States, look for the next Bank rate at 10 per cent, a gold export, and a tumble in the Cedula market. The probabilities are that Cedulas will be affected more by local than other influences, and spite of all bad news from Europe Cedulas will hold firm. It was easier to-day to drive Cedulas up than down, and this shows the real state of the market. The bears who sell short for the end of the year do a very dangerous business. Money, they said on the Bolsa, was to be had everywhere to-day at 12 per cent; first class paper had no longer to be hawked about at 15 and 18; banks and discounters are all doing at 12. The Provincial Bank discounted some 16 millions yesterday; the National Bank keeps to its programme and gives about 5 millions or 200,000 pats. daily. It looks to us as if money will be at 10 per cent per annum towards the end of the month.

The letters from Europe are very black, and extracts from English papers have come in the letters (commenting on the financial state of affairs in the States) that give little reason to hope for any immediate improvement.

An article in the *Telegrafo Maritimo* on the Entre-Riano War has attracted much notice. The injury of this war to the Montevidean trade is excessive, and the article in question, although severe, speaks only the sentiments of the commercial community of Montevideo.

Exchange ruled very quiet to-day; the rate spoken of was 49½-⅝, no takers and in francs 5.35 do. Later on we heard of one transaction on London at 49⅞ and another on Antwerp at 5.35.

Messrs. Bracht and Moller who have arrived back in the Niger were welcomed on 'Change; they were fairly enveloped in friends, and look much improved by the trip.

Mr. Commendador Marquez notifies Platino telegraph shareholders that to-morrow will be the last day for the signing of the papers to be sent to London.

In the wool markets to-day prices ruled one or two dollars under, but everything sells. Not a cart of unsold wool in the market to-day at 10 o'clock, and only 6,000 ar. at the Station, dry cow hides large sales at 168 to 170.

Mr. Egg, of the Argentine Bank, has returned in the Galileo and was welcomed on 'Change, also Capt. Markwell of the same steamer, and who has made such a capital run out.

The French mail brings the news of Mr. Frank Parish's election to the post of chairman of the Buenos Ayres and Great Southern Railway, the right man in the right place. Also the following financial news from *Times* 4th Nov.—

"Monday Evening.

"There has been a steady discount demand at the Bank of England to-day at the advanced rate of 8 per cent, and for short and exceptional loans still higher terms have continued to be charged; but a number of circumstances seem to point to the probability of an early favourable change. There have been no further withdrawals of gold for New York, a moderate sum in sovereigns has been sent in from South America, and to-morrow or next day a further influx may be expected from Australia. At the same time it appears that the German Government have just made another considerable investment in the United States Funded Loan, which at the date of payment will reduce the balance here to a comparatively insignificant sum; also that they are likely to effect purchases of Austrian and other Continental securities to an amount which, although much below exaggerated rumours lately current, will still be sufficient to afford considerable assistance to the various Bourses, where a recovery will at once be the signal for a return of the animation on this side. Consols this morning opened at 92⅞ to ½ for delivery and 92⅞ for December—a decline of ⅛—and remained without variation.

"The private telegrams received by leading firms this morning from New York are of a more cheerful character than any since the panic commenced. The legal tender currency (greenbacks) was returning into the banks freely; the internal exchanges were working without interruption, and an opinion is expressed that 'the worst is over, unless some fresh calamity, now unforeseen, should occur.' It was understood that the large dry-goods house reported to be in difficulties had arranged its matters and would go on.

"In the foreign market business has again been restricted, but, as was to be expected after the decisive step adopted by the Bank on Saturday, the tone has generally been steady and calm. The telegrams from the Continent were again very much delayed, and only the opening prices from Germany have been received. The position of the English Money market is still watched, naturally, with great anxiety abroad, but there is a decided disposition from Germany to re-purchase some of the stocks which have lately been thrown on this market for Continental account, and the position of the German Bourses continues to show signs of steady recovery. The Bank of Holland has raised its discount charge to 6 per cent., an advance which possesses no importance, the rate being still so much below that of other cities. In the open discount markets of Germany money is described as being plentiful, and in the Stock Exchange to-day short advances were readily to be obtained at 7 to 7½ per cent. It is also an important feature that, notwithstanding the stringency in Paris, caused by the very heavy liquidation there, and the extensive sales of French stock which were effected here for Paris, the exchange has risen 25 34 to 25 39. Turkish descriptions have been depressed by the forced closing of a large Constantinople account."

"Berlin, Oct. 31st.

"The amount of gold coined during the week ending the 18th inst. was 8,313,610 marks.

"November 1st.

"The *Boersen Courier* of this evening asserts that, considering the stringency of the money-market, the Government will for the present limit the coinage to the stock of gold still in hand, and will suspend drawing supplies from the London market.

"The failure of the Bank of Acadia,' in Nova Scotia, announced by telegram this morning, is beieved to be an affair of no importance, the difficulties of the concern having long been known.

"From Rio de Janeyro we learn that the Treaty of Extradition between Brazil and Belgium had been ratified and promulgated in Brazil. By a protocol the penalty of death is no to be carried into effect in the case of any persons delivered up under the Treaty."

A German merchant, on going to his letter-box this morning for the STANDARD, found a fresh evidence of STANDARD luck, in the shape of a beautiful cigar case with a sum of paper money neatly folded therein.

The *Precurseur d'Anvers* in a late number announces the arrival of Mr. Sowell from the western camps, and gives his description of things outside. On 'Change news carried to Antwerp.

The sale of 2000 barrels of damaged American flour at 8 pats. is reported.

Movement of the National Telegraph in the city of Buenos Ayres during the month of November—

The National Bank statement for the first month of its existence was the preferent topic on 'Change to day. Mr President Castro has, by the promptitude with which he has given his balance sheet, shown good business qualities. This simple matter of itself shows that there is no grass growing about the National Bank offices. Whatever is done there is well and quickly done. The notes out reach 2¼ millions patacons, and we may safely say that by the end of the month the total issue will reach four millions patacons. The amount of deposits appear to be 269,701, and the cash on hand $f1,908,392 46c. Many brokers and merchants think that the statement ought to show separately how much for discounts, how much for accounts etc., but doubtless as the business of the bank grows all these items will be found in their proper places. The bank has made a capital beginning, has served the market, and is in good hands.

The result of the various real estate auctions on Sunday shows that the market repudiates the business. Only the very best properties are saleable, and at low figures. There is no money in the market for such business, and property holders only put themselves to needless expense by calling auctions at the moment. It is probable that in a few months money will become much easier; we may then look for a resumption of the auctioneering business; at present it is out of the question.

It was stated on 'Change to-day that the new bullock cart plaza at Flores will be somewhere in the neighbourhood of Mr. Methvin's property, and facing Bellara and Fultonoy. There is a large open space of ground thereabout which, we believe, is large enough to hold all the bullock carts of the whole country. The removal of the Plaza Once for the bullock carts will begin on the close of the present wool season; that is to say, this season will be the last that the bullock carts will be allowed into the Plaza Once.

We are indebted to Captain Goddard, master of the British barque Barracouta, for the following vessels spoken by him from Liverpool; arrived at Buenos Ayres 14th November. 1873:—

21st September, English barque Ladok, Liverpool to Valparaiso, in lat. 43 N. long. 11.20 W.

24th September, English ship Riversdale, Liverpool to Calcutta, all well; lat 40.19 N., long. 12.43 W.

The exports from Montevideo for the month ending 29th Nov. 1873, were as follows—

Horns 12,61 .
Dry cow hides 11,877.
Salt do 20,585.
Do horse 1,238.
Sheepskins bales 548.
Canillas 20,000.
Jerked beef kilo 2,807,811.
Horse hair bales 3.
Bone ash tons 607½.
Hide cuttings 12.
Tallow pipes 131.
Wool bales 491.

It may be useful just to compare one or two items of the above with our trade here. We shipped last month 146,057 dry cow hides against 14,877 in Montevideo, 10,119 pipes tallow against 131 in Montevideo and 22,026 bales wool against 491 in Montevideo.

The following further table of exports from Montevideo during the month of Nov. is also important:—

Mules	461
Hay, bales	100
Bran, sacks	181
Maize, do	1968
Barley, do	13
Flour, do	2505
Feathers, boxes	0
Guano bags	27
Meat extract, cases	28
Baled beef, bales	548
Copper barrels	3

We note no entry for Cunapiru gold dust, or in bar.

The wool business in the Mount during the month is important. Sales—

3,500 ar. Estancia Cormelo, 3.40

The following saladero contracts in M.Video are reported—

2000 do do, deliverable in a month, 7.10.

800 cow and ox, disponibles, 7 per 75lb.

A contract has been made with one saladero for the whole faena at $7.00 per 75 pounds on shore.

All the jerked beef of the various saladeros in Banda Oriental is now sold.

The exchange transactions in Montevideo for the Liffey reached £83,000, from 51½ to 51⅜; and in francs 1,750,000 at from 5.55 to 5.47.

The storm last week, we hear, caused much damage on the Cordoba line of railway, and the trains were stopped for one day; but the damage was immediately repaired, and the trains now run as usual.

The steam transport Estrella has arrived up at Rosario with a large cargo of ammunition, cannons etc.

In Montevideo there is talk of getting up a company to supply the Buenos Ayres market with Maldonado marble. It will be full as good, yet much cheaper than Italian marble.

Mr. Jose Bustamante has outbid everyone in the Mount for the old market offering 3,500 m/n per mes. Give it to him by all means Mr. Prest, the place is sufficiently tumble down; some years ago we held a mortgage on the place, but with a touch of STANDARD luck we got our money.

The sale of the steamer Oriental is reported for 12,005 pats; much of a bargain this we think.

The steam line running between Rio Janeyro and Matto Grosso, under contract with the Rio Government, has been turned into a Joint Stock Co. Messrs Conceicao, the contractors pass over everything to the new company, which will have an agency in the Mount, head office in Rio Janeyro.

According to last advices exchange in Rio ruled at 26d. this shows a slight drop and is doubtless caused by the news from England. In fact nine per cent Bank of England rate is a summons to the whole world to send gold to London.

A clerk in the Western Railway was discovered prigging on Saturday. He had been suspected for a long time, and Mr. Huergo laid a clever trap for him by marking bank notes and having him watched by the assistant treasurer through a hole in the ceiling of the office. He was pounced on in 'flagrante delicto' and the marked note taken from his pocket. The culprit rejoices in the "evenly" name of Angel Salvadores, and, though caught in the act, protests that it is all a plot to ruin him and his little family.

"Good blood will show itself," as the old lady with the red nose said.

Lujan intends going in for three days fun and 'fete' next week. On Monday the 8th, mass in the church, music in the Plaza, 'sortija', fireworks and a ball; on the 9th the same old thing over again, excepting a concert in place of the ball; on the 10th ditto ditto over again, barring a ball in place of the concert. The good Lujaners ought to get Phillips down to throw some Variety into their programme, for it seems sadly in want of it. Three days praying, and playing and dancing would hopelessly knock up a Greek bishop or a Trojan 'belle'.

A few days ago there were no fewer than 1,000 recently arrived Immigrants in the Asilo. The squeeze was of the most terrific description; sardines in a box were nothing to it. Thanks to the energy of the officials, however, the inconvenience was reduced to a minimum. We had no idea that the Asilo could accommodate so many persons at a time.

The *Anales* of the Rural Society for November was distributed yesterday. Most of it is taken up with the rules of the new Agricultural College at Nueva Palmyra.

The Brazilian papers announce a munificent donation of 4,000 patacons by the Emperor Dom Pedro, from his private purse, to aid the sufferers by the recent inundations in Rio Grande. Also that Baron Yaguaron has been named Commander-in-Chief of the Brazilian forces in Paraguay.

Turmeau once gave up Tea for Corned Beef, this for Lobster Sandwiches, and these in their turn for Bath Chaps. His latest love is Ginger Beer, manufactured on the premises. We always like to crack some joke about Turmeau, as we know he likes it too; but we are in no way joking when we declare his Ginger Beer a most delicious beverage for summer use. It does not bear the slightest resemblance to the vulgar 'pop' usually christened with the same name. There is a creamy balminess and coolness about Turmeau's G.B. that cannot be surpassed. The best proof of its being excellent is, that he drinks it himself to the extent of 6 bottles every day. If it were not good he'd take Hesperidina instead.

The river Uruguay is rising rapidly after its recent fall. From Cordoba we learn that the Rio Tercero has overflowed its banks in the most alarming manner. The inhabitants do not remember such a 'creciente' for 50 years. Fears are entertained for the railway bridge. In San Juan also tremendous floods have occurred, and part of the city of that name is under water.

THE CITY OF BUENOS AYRES TRAMWAYS COMPANY, LIMITED.

DIRECTORS.

Benjamin Isaac, Esq, 22 Great Winchester Street, E. C. (Chairman.)

George Wilkinson Drabble, Esq., 1, Pembridge Square, Bayswater, W.

Spencer Herapath, Esq, 18, Upper Philimore Gardens, W.

Russell Shaw, Esq., Cambridge Street, Birmingham.

Edward Woods, Esq., C. E. 10 Gloucester Crescent. Hyde Park.

Report of the Directors to be submitted to the Seventh Ordinary General Meeting of Shareholders to be held at the Company's Offices, on Wednesday, October 22nd 1873, at 2 o'clock in the Afternoon.

1. The Board beg to submit the following Statement of the result of the half-year's working—

The Gross receipts for the half-year have been	£43,423
Deduct the Working expenses	25,858
	17,565
Add Balance of Revenue Account 1872	1,240
Leaving a disposable Balance of	18,805

2 The Working expenses show a considerable reduction, as compared with the corresponding period of last year—

Working expenses January to June 1872	72.87 p %
Do. do January to June 1873	59.54 p %
Decrease	13 33 p %

3. The Directors are glad to be able to announce that by a Municipal Decree, dated August 7th last, the costly institution of Trumpeters was abolished.

4. The Board have appointed Mr. F. Neild as colleague to Mr. Moores upon the Local Committee in Buenos Ayres. As they have every confidence in the suitability of this gentleman for the position, they are glad to have been able to obtain his services. Mr. Huxtable, Accountant of the Great Southern Railway, has been appointed the Company's Auditor in Buenos Ayres.

5. In April last, a fire took place at the Barracas Station, destroying the feed-house, and involving loss to the Company, over and above the amount insured, of between £400 and 500. Steps are being taken to increase to its full value the insurance on the remainder of the property.

6. The Directors have received information that the investigations in reference to the Mendez Tramway, previous to the completion of the purchase in Buenos Ayres, are proceeding satisfactorily, and there seems every probability of the line being very shortly taken over. The shares of the Fourth Issue offered to the English Shareholders have, with very few exceptions, been accepted, and the remainder will be disposed of at such time as the Directors may think advisable, and the premium carried to the Contingent Fund.

The following statement gives the traffic summary for the six months:

Month	Passengers.	Gross Recets.
January	399,751	£7,475 19 6
February	379,886	7,036 18 1
March	418,135	7,770 19 9
April	390,885	7,233 2 3
May	403,333	7,443 7 1
June	349 958	6,306 12 3
Total	2,341,918	£43 304 18 11

The local committee, under date June 30th, 1873, reports as follows:—

"The good result of the six months' working is particularly gratifying to us, not only as regards this period, but also because the good prospect it affords for the future. We do not, of course, look for an uninterrupted recurrence of all the favourable circumstances of the last half-year, but we are fully convinced that the basis of the business is so good that in ordinary times it will yield a satisfactory profit. We have continued to shape our arrangements so as to obtain the greatest dividend rather than the most pleasing proportion between the receipts and the working expenses.

"*New Stables and Land.*

"The additional stables at Cinco Esquinas and the corn loft at the Brazil yard, provided in consequence of the purchase of the Southern Tramway, and the extension in South Barras, have afforded the accommodation required. The loft served most opportunely, as it enabled us to complete the year's purchase of corn when the market price of it was very low.

"*General Remarks.*

"The accompanying comparative statement of traffic and expenses for the present and corresponding half-year of 1872; will, we think, be read with interest:—

	s.	d.
The receipts per mile run in 1872 were	2	0·21
And those in 1873 do	2	2·78
The expenses per mile run in 1872 were	1	5·33
Do do do 1873	1	3·56
Showing the profit in 1872	0	6.86
Do do 1873	0	11·20

The six months of the year show, therefore, increased receipts and diminished expenses per mile run, in comparison with those of the first half of 1872.

Ticket Check.

"We have lately determined upon a new system of checking the guards' issue of tickets in the cars, based upon the principle of giving prizes to the public for certain numbers of the tickets sold each month. By this plan we hope to induce all the passengers to take tickets from the guards when they pay their fares.

"*South Barracas Extension.*

"The Municipal authorities of South Barracas took a long time to settle the levels, side drainage and other details involved in the work; we could not, therefore, commence to lay the line in Calle General Mitre until the beginning of December. The supply of paving stones was very soon interrupted by the Government prohibition against quarrying at Martin Garcia, and then came the quarantine closing the port against the Banda Oriental which obliged us to suspend the work altogether. (Stone has now been procured, and the work is proceeding as fast as possible.

"*Farm.*

"As soon as our autumn season commenced we began breaking up the ground, and sowed some thirty squares before the winter set in. We resumed ploughing again in the early days of spring, and now we have about fifty squares ready for alfalfa. We are also having willows planted in large numbers to afford shelter and shade to the horses, and at the same time we expect they will prove a profitable crop, as such wood sells well here.

"The alfalfa now is considered good, and safely over the first difficulties of drought and insects.

"*Horses.*

"The horses are in good working order. The loss by death this half-year has been very small, viz., 4.03 per cent.; the rest afforded by the farm to the weak and lame ones has materially contributed to this result.

"*Permanent Way.*

"The lines are all kept in sound and efficient working order.

"*Rolling Stock.*

"The cars are thoroughly repaired and newly painted as soon as required.

"*Buildings.*

"The buildings seldom require repair; but the yards, paving &c. want frequent attention, and are all fully kept up."

8. Out of the available balance of £18,805, the Directors recommend the payment of a dividend, free of income tax, for the half-year ending June 30th last, of 8s. per share on the fully paid-up shares of the 1st and 2nd issues, and 4s. per share on those of the 3rd issue. These dividends, which will absorb £14,000, are recommended by the Board after a careful consideration of the relative claims of the two descriptions of shares. Out of the balance, the Directors recommend that the sum of £4,000 should be added to the Contingent Fund, thus raising it to £8000. The small amount then to be carried forward will be sufficient to pay the income tax, and meet the loss on the Barracas station fire,

The Directors are of opinion and recommend that all the fully paid-up shares should rank alike for future dividends.

By Order,

JOHN HEATON,
Secretary.

ON 'CHANGE.

December 2, 1873.

Ounces	400
Sovs	122¼
Pats	25
Nat. Bonds	76½
Cedulas	83¾

The stock market ruled a little better to-day. Prices opened firm, and rose; but at the close they ruled a shade slacker, owing, it was said, to an outsider selling for the end of the year. The position of the Cedula market is peculiar, and the moment especial for speculation. The bulls read in the returning ease of the money market the steady improvement of Cedulas, bonds, and, in fact, everything; whilst the bears shudder at the state of things in Europe and the States, look for the next Bank rate at 10 per cent, a gold export, and a tumble in the Cedula market. The probabilities are that Cedulas will be affected more by local than other influences, and spite of all bad news *from Europe* Cedulas will hold firm. It was easier to-day to drive Cedulas up than down, and this shows the real state of the market. The bears who sell short for the end of the year do a very dangerous business. Money, they said on the Bolsa, was to be had everywhere to-day at 12 per cent; first class paper had no longer to be hawked about at 15 and 18; banks and discounters are all doing at 12. The Provincial Bank discounted some 16 millions yesterday; the National Bank keeps to its programme and gives about 5 millions or 200,000 pats. daily. It looks to us as if money will be at 10 per cent per annum towards the end of the month.

The letters from Europe are very black, and extracts from English papers have come in the letters (commenting on the financial state of affairs in the States) that give little reason to hope for any immediate improvement.

An article in the *Telegrafo Maritimo* on the Entre-Riano War has attracted much notice. The injury of this war to the Montevidean trade is excessive, and the article in question, although severe, speaks only the sentiments of the commercial community of Montevideo.

Exchange ruled very quiet to-day; the rate spoken of was 49½-⅝, no takers and in francs 5.35 do. Later on we heard of one transaction on London at 49⅝ and another on Antwerp at 5.35.

Messrs. Bracht and Moller who have arrived back in the Niger were welcomed on 'Change; they were fairly enveloped in friends, and look much improved by the trip.

Mr. Commendador Marquez notifies Platino telegraph shareholders that to-morrow will be the last day for the signing of the papers to be sent to London.

The statutes of the new B. Ayres Export Co are as follows—

1. The domicile of the Co. will be in this city.
2. The object of the society is, to export on our own account or for commission produce for the European markets, or buy or sell same here. Also when there is money unemployed, to make advances on discount bills with two signatures. Bolsa speculations are prohibited, as well as to buy stocks, public funds, &c.

4. The manager to be Juan King, who will sign in comandita.

12. Liquidation to be effected by Manager and three Directors.

In the wool markets to-day prices ruled one or two dollars under, but everything sells. Not a cart of unsold wool in the market to-day at 10 o'clock, and only 6,000 ar. at the Station, dry cow hides large sales at 168 to 170.

Mr. Egg, of the Argentine Bank, has returned in the Galileo and was welcomed on 'Change, also Capt. Markwell of the same steamer, and who has made such a capital run out.

The French mail brings the news of Mr. Frank Parish's election to the post of chairman of the Buenos Ayres and Great Southern Railway, the right man in the right place. Also the following financial news from *Times* 4th Nov.—

"Monday Evening.

"There has been a steady discount demand at the Bank of England to-day at the advanced rate of 8 per cent, and for short and exceptional loans still higher terms have continued to be charged; but a number of circumstances seem to point to the probability of an early favourable change. There have been no further withdrawals of gold for New York, a moderate sum in sovereigns has been sent in from South America, and to-morrow or next day a further influx may be expected from Australia. At the same time it appears that the German Government have just made another considerable investment in the United States Funded Loan, which at the date of payment will reduce the balance here to a comparatively insignificant sum; also that they are likely to effect purchases of Austrian and other Continental securities to an amount which, although much below exaggerated rumours lately current, will still be sufficient to afford considerable assistance to the various Bourses, where a recovery will at once be the signal for a return of the animation on this side. Consols this morning opened at 92⅜ to ½ for delivery and 92½ for December—a decline of ⅛—and remained without variation.

"The private telegrams received by leading firms this morning from New York are of a more cheerful character than any since the panic commenced. The legal tender currency (greenbacks) was returning into the banks freely; the internal exchanges were working without interruption, and an opinion is expressed that 'the worst is over, unless some fresh calamity, now unforeseen, should occur.' It was understood that the large dry-goods house reported to be in difficulties had arranged its matters and would go on.

"In the foreign market business has again been restricted, but, as was to be expected after the decisive step adopted by the Bank on Saturday, the tone has generally been steady and calm. The telegrams from the Continent were again very much delayed, and only the opening prices from Germany have been received. The position of the English Money market is still watched, naturally, with great anxiety abroad, but there is a decided disposition from Germany to re-purchase some of the stocks which have lately been thrown on this market for Continental account, and the position of the German Bourses continues to show signs of steady recovery. The Bank of Holland has raised its discount charge to 6 per cent., an advance which possesses no importance, the rate being still so much below that of other cities. In the open discount markets of Germany money is described as being plentiful, and in the Stock Exchange to-day short advances were readily to be obtained at 7 to 7½ per cent. It is also an important feature that, notwithstanding the stringency in Paris, caused by the very heavy liquidation there, and the extensive sales of French stock which were effected here for Paris, the exchange has risen 25 34 to 25 39. Turkish descriptions have been depressed by the forced closing of a large Constantinople account."

"Berlin, Oct. 31st.

"The amount of gold coined during the week ending the 18th inst. was 8,313,610 marks.

"November 1st.

"The *Boersen Courier* of this evening asserts that, considering the stringency of the money-market, the Government will for the present limit the coinage to the stock of gold still in hand, and will suspend drawing supplies from the London market.

"The failure of the Bank of Acadia, in Nova Scotia, announced by telegram this morning, is believed to be an affair of no importance, the difficulties of the concern having long been known.

"From Rio de Janeyro we learn that the Treaty of Extradition between Brazil and Belgium had been ratified and promulgated in Brazil. By a protocol the penalty of death is no to be carried into effect in the case of any persons delivered up under the Treaty."

A German merchant, on going to his letter-box this morning for the STANDARD, found a *fresh evidence of* STANDARD luck, in the shape of a beautiful cigar case with a sum of paper money neatly folded therein.

The *Precurseur d'Anvers* in a late number announces the arrival of Mr. Sewell from the western camps, and gives his description of things outside. On 'Change news carried to Antwerp.

The sale of 2000 barrels of damaged American flour at 8 pats. is reported.

The National Bank statement for the first month of its existence was the preferent topic on 'Change to-day. Mr President Castro has, by the promptitude with which he has given his balance sheet, shown good business qualities. This simple matter of itself shows that there is no grass growing about the National Bank offices. Whatever is done there is well and quickly done. The notes out reach 2¼ millions patacons, and we may safely say that by the end of the month the total issue will reach four millions patacons. The amount of deposits appear to be 269,701, and the cash on hand $f1,908,392 46c. Many brokers and merchants think that the statement ought to show separately how much for discounts, how much for accounts etc., but doubtless as the business of the bank grows all these items will be found in their proper places. The bank has made a capital beginning, has served the market, and is in good hands.

The result of the various real estate auctions on Sunday shows that the market repudiates the business. Only the very best properties are saleable, and at low figures. There is no money in the market for such business, and property holders only put themselves to needless expense by calling auctions at the moment. It is probable that in a few months money will become much easier; we may then look for a resumption of the auctioneering business; at present it is out of the question.

It was stated on 'Change to-day that the new bullock cart plaza at Flores will be somewhere in the neighbourhood of Mr. Methvin's property, and facing Bellara and Fultonoy. There is a large open space of ground thereabout which, we believe, is large enough to hold all the bullock carts of the whole country. The removal of the Plaza Once for the bullock carts will begin on the close of the present wool season; that is to say, this season will be the last that the bullock carts will be allowed into the Plaza Once.

We are indebted to Captain Goddard, master of the British barque Barracouta, for the following vessels spoken by him from Liverpool; arrived at Buenos Ayres 14th November, 1873:—

21st September, English barque Ladok, Liverpool to Valparaiso, in lat. 43 N. long. 11.20 W.

24th September, English ship Riversdale, Liverpool to Calcutta, all well; lat 40.19 N., long. 12.43 W.

The exports from Montevideo for the month ending 29th Nov. 1873, were as follows—

Horns 12,61 .
Dry cow hides 14,877.
Salt do 20,585.

Sheepskins bales 548.
Canillas 20,000.
Jerked beef kilo 2,807,811.
Horse hair bales 3.
Bone ash tons 607½.
Pipe cuttings 12.
Tallow pipes 131.
Wool bales 491.

It may be useful just to compare one or two items of the above with our trade here. We shipped last month 146,057 dry cow hides against 14,877 in Montevideo, 10,119 pipes tallow against 131 in Montevideo and 22,026 bales wool against 491 in Montevideo.

The following further table of exports from Montevideo during the month of Nov. is also important:—

Mules	461
Hay, bales	100
Bran, sacks	181
Maize, do	1968
Barley, do	13
Flour, do	2505
Feathers, boxes	9
Guano bags	27
Meat extract, cases	28
Baled beef, bales	548

We note no entry for Cunapiru gold dust, or in bar.

The wool business in the Mount during the month is important. Sales—

A contract has been made with one saladero for the whole faena at $7.00 per 75 pounds on shore.

All the jerked beef of the various saladeros in Banda Oriental is now sold.

The exchange transactions in Montevideo for the Liffey reached £83,000, from 51½ to 51⅜; and in francs 1,750,000 at from 5.55 to 5.47.

The storm last week, we hear, caused much damage on the Cordoba line of railway, and the trains were stopped for one day; but the damage was immediately repaired, and the trains now run as usual.

The steam transport Estrella has arrived up at Rosario with a large cargo of ammunition, cannons etc.

In Montevideo there is talk of getting up a company to supply the Buenos Ayres market with Maldonado marble. It will be full as good, yet much cheaper than Italian marble.

Mr. Jose Bustamante has outbid everyone in the Mount for the old market offering 3,500 m/n per mes. Give it to him by all means Mr. Prest, the place is sufficiently tumble down; some years ago we held a mortgage on the place, but with a touch of STANDARD luck we got our money.

The sale of the steamer Oriental is reported for 12,005 pats; much of a bargain this we think.

The steam line running between Rio Janeyro and Matto Grosso, under contract with the Rio Government, has been turned into a Joint Stock Co. Messrs Conceição, the contractors pass over everything to the new company, which will have an agency in the Mount, head office in Rio Janeyro.

According to last advices exchange in Rio ruled at 26d. this shows a slight drop and is doubtless caused by the news from England. In fact nine per cent Bank of England rate is a summons to the whole world to send gold to London.

SAVINGS BANK
BANK MAUA AND CO.
101--Calle Cangallo--103
BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the great emporiums of the River Plate, Montevideo, and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Mauá & Co. in Montevideo has already provided for the working classes in that city a safe and profitable depository for their savings.

The sums deposited in that very important institution are daily increasing, and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need sickness, or old age, instead of spending them in immoral gambling, in lotteries, and other frivolities.

The Bank of Mauá & Co. of this city, following the example of their firm in Montevideo, have the same facilities in this city, and has opened a Savings Bank at No. 103 Calle Cangallo from Nine a.m. till Three p.m. every day, for the reception of the savings of the classes already mentioned. Sundays and holidays excepted.

The Bank will deliver to each depositor a pass book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited; in the former case the interes will be calculated up to date.

The Bank of Mauá & Co. is sufficiently known to the Public by the benefit derived from the course of its operations, which are regulated on the strictest and soundest principles, and always directed to promote the general welfare.

The Bank of Mauá & Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighborhood.

Buenos Ayres, 2nd January, 1857.

P. P. MAUA & Co.,

M. A. DE FREITAS AMORIM

CONDITIONS.

First—The Bank receives at interest any sum from Twenty-five Dollars currency or one Silver Dollar upwards.

Second—The interest allowed is six per cent. (6 p. ☰) per annum, which is liquidated every six months.

Third—The depositors can at any time retire the whole or part of the money deposited.

Fourth—Once the money deposited exceeds twenty-five thousand dollars currency, or one thousand dollars silver, the depositor, if he wish can open an account current, according to the rules established by the Bank.

Fifth—In case the depositor loses his pass book it can be replaced by another on paying twelve dollars currency, and advertising the loss in the public newspapers.

Bristol's sarsaparilla

Is prepared in the most scientific manner, by thoroughly educated chemists and Druggists, who have had many years' experience. It is not a simple extract from one article, but is compounded of extracts from a number of Roots, Herbs Barks, and Leaves, all of which are possessed of some particular virtue or power in curing the diseases that have their sourse in the blood and humors; these different vegetable extracts are combined in such a way as to retain, in so full strength, the special curative virtue possessed by each. The root of the Sarsaparilla plants found in Honduras, is that which we use in this preparation; it is the kind which all medical men esteem most. About fifty per cent. of Bristol's Sarsaparilla consists of the concentrated extract, the remainder, as above stated being composed of extracts from other powerful, cleansing and healing vehetable substances. It does not contain any thing that is dagerous or injurious to health, and in this, as in nearly every other respect, is entirely different from all other preparations sold under the name of Sarsaparilla.

By having our own agents at the places where the various roots, drugs, herbs and plants, composing our medicines, are produced, we are enabled to exercise that constant care in selection which insures uninformity of excelleno, and we spare no money and no effort to procure the best—and only the best—of every article entering into their composition; and it is with the most abiding confidence we say, to be sick of all nations and all countries, that, in Bristol's Sarsaparilla you have a remedy more reliable than any before offered to you, and which will no diappoint syou in the cure of.

Salt Rheum. Tetter. Scald Head.
Syphilis, or Veneral Disease.
Nervous and General Debility,
Old Sores, Ulcers, Tumors,
Abscesses, Boils, Eruptions.
Scrofula or King's Evil,
Female Derangements,
White Swellings,
Fever and Ague,
Chills and Fever.
& Dumb Ague.

As a means of building up the consiitution that has been broken down by the excessive use of Mercury, Iron, or other Minerals, our Sarsaparilla will be found most excellent, and can be administered with safety to the weakest patients. As a purifier of the blood and humors, in the Spring and early Summer, it will the found unfalling. It can be taken freely at seasons, rainy or dry. For some of the above diseases, the use of the Sarsaparilly must be continued a considerable time, especially for those that are hereditary or constitutional in their nature—such as Scrofula: but a faithful compliance with the directions will always relieve and mitigate, and in a great majority of cases will effect a complete cure. It will also be found, in all of the above diseases, that a cure will be greatly haoted by using our Bristol's Sugar-coated Pills, in moderate does, in connection with the Sarsaparilla; they carry off large quantities of morbific or diseased matter set free in the system by the Sarsaparilla, and in this way facilitate the return to mal functional operations. —c— 46

PONTEVEDRA

IS a new Town, established in the centre of the celebrated Gahan Estancia, in Merlo not even seven leagues

WEST of this go-a-head City, and about a league and a-half from the Western Railway, South of Moron and Merlo, and

CLOSE to both of them. In either of those go-a-head Towns (they will soon be Cities), you cannot purchase a decent Plot of Building

GROUND under 30,000 Dollars CASH. In Pontevedra you can get a well-situated Building Plot of 500 Square Yards, for only

1050 DOLLARS, "ON TIME," paying for it by little and little, 70 dollars each month, for 15 months. Sites are guaranteed for Church, Schools, and

A FINE Plaza. The Land surrounding the Town of Pontevedra, all high ground is a rich, alluvial, inexhaustible, loamy soil. It

SPEAKS for itself. 20 Squares nearer to Moron you cannot buy as good for 15,000 Dollars CASH, per Manzana; while this, which is much

BETTER Land, and near Pontevedra, can be had, on time, for 3,000 Dollars per Manzana, each fronting a Road; payable by

LITTLE and Little, only 200 dollars per Month, in 15 months. If you buy Four Manzanas you get a Plot of Pontevedra, 10 by 50 yards,

FOR NOTHING. 10 Manzanas make a snug homestead, equal to about 18 English Acres; but no Land like it there; they give you a

RIGHT to Three Plots, or 30 by 50 yards of Pontevedra, that cost 3,150 Dollars by themselves,

YOU could not buy 18 Acres of one-half as good Land in any part of England under £50 per Acre; that is, £900 Cash. While here, within 21 miles of this

GREAT Commercial City, and near a Railway, you get 3 Building Plots and 18 Acres of Primest Land, for £245, on time, payable

IN 15 Monthly Instalments, of about £16 16s. 8d. There are many among us who can easily invest that sum monthly, and

MIGHT invest it worse. To go and see the Land your Carriage Fare from Merlo wil be paid by Fredk: Dennehy, if you call between 10 and 5 o'clock at
